

## **Educator Technology Kits for Checkout**

**Check Out:** Technology Kits may be checked out by Brimfield Public School or St. Mary's Catholic School educators with a valid library card for a 7-day loan. If you will need the technology for a longer time, please contact the library.

**Reserve:** Plan ahead! Make a reservation by calling or emailing the library. Library staff will check kit availability and put your reservation on the calendar. Educator Technology Kits are not available for holds through the library's online catalog.

**Renew:** You may renew equipment IF the equipment has not already been reserved by another borrower.

**Return:** To ensure the pieces of a kit are in working order and consumables are replenished, borrowers should return kits to the library before they are checked out by the next user.

Exceptions can be made – the first borrower will need to contact the library via phone to verify that 1) the kit is not already reserved by another educator and 2) all the pieces are present and in working order. If the transfer is approved, the second borrower will also need to contact the library to verify the receipt and condition of the kit.
